

National Day of the Cowboy

Becca Anderson No. 1

Breanne Vance No. 9

Sydney Hunter No. 17

Allie Olsen No. 25

Description

∞ July 26th

∞ From Andy's famous Woody to John Wayne, this theme is full of adventure for everyone. With old fashioned cornbread to kick off taste buds and plenty of chili to come around, this theme is bound to have the best rootin' tootin' time in town. When patients stop on into the hoedown, they will get caught on camera in front of the sheriff. The sounds of country living will play as patients giddy on up to the taste of a delicious meal. Each patient will be seated at a table decorated with bandanas, badges, wildflowers, and of course burlap. This hoedown will be a memorable experience for the patients that they will not forget.
